Assessment by the State Examination Commission of the Knowledge, Skills and Competences Demonstrated by Students in Their Final Theses

Indicator description

The State Examination Commission is chaired by a representative of the relevant professional field, and at least half of its members represent relevant professional organisations and companies. The State Examination demonstrates the knowledge, skills and competences acquired by students during their studies. Therefore, the average grade for final theses provides an objective assessment by professional organisations and industry representatives of the knowledge, skills and competences of the graduates. The target is an average grade of at least 8.
