Number of Trained Specialists

Indicator description

Each year, the University aims to train a number of specialists equivalent to at least 80% of the number of students enrolled in the corresponding year. The number of trained specialists is calculated as the total number of degrees and qualifications awarded during the winter and summer graduation periods. The number of enrolled students includes all students admitted to the first semester during the summer and winter admission periods of the corresponding year.

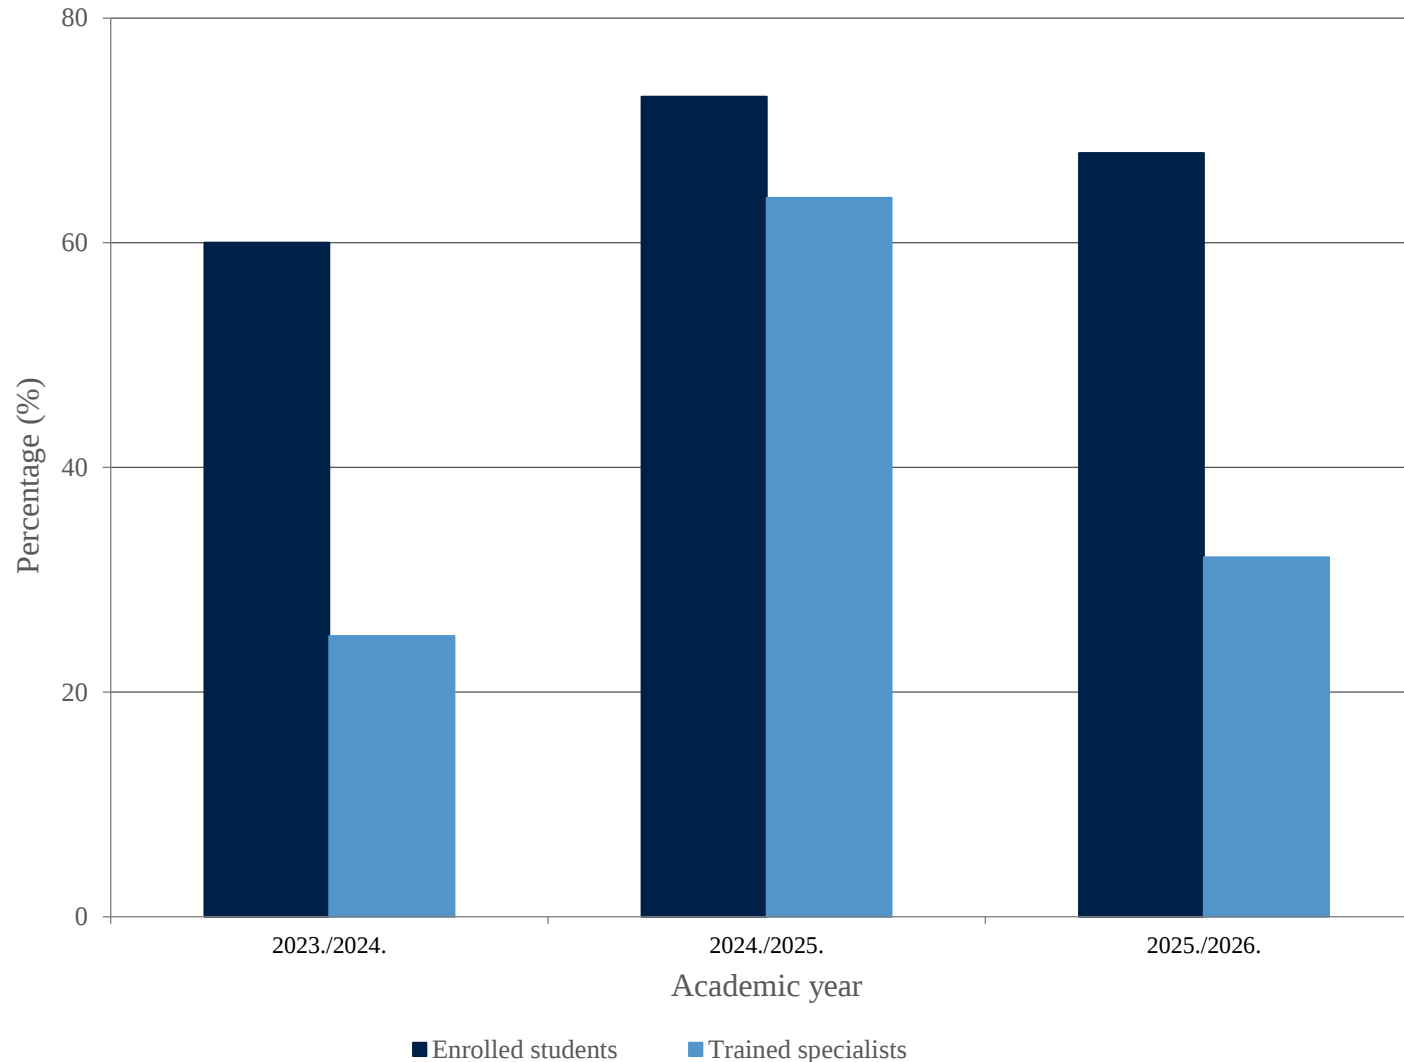

where business meets art

Programmes Results by Academic Year

Bachelor's Study Programme

Audiovisual Arts and Media Arts

Target: the number of trained specialists is at least 80% of the number of students enrolled in Year 1 in the corresponding year.
